Join the U.S. Department of Health and Human Services (HHS)/Food and Drug Administration (FDA)/Center for Drugs Evaluation and Research (CDER) in a 1.5 hours employment workshop. During the workshop you will learn how to:

⇒ Navigate USAJOBS—the official job search portal for the federal government;
⇒ Read and understand a federal job announcement;
⇒ Craft a robust resume/CV that highlights education, strengths, experience and accomplishments;
⇒ Nail the interview and build a strong portfolio;
⇒ Explore alternate HHS and FDA career paths and special hiring programs for students and recent graduates, veterans, military spouses, national service volunteers and applicants with disabilities;
⇒ And much more!

Curious about which occupations are best suited to your field(s) of study? Want to know how to leverage your knowledge and expertise to make a global impact? Are you ready to tackle greater levels of responsibility?

Gain a greater understanding of the many career paths and developmental programs such as Pathways (students and recent graduates) available to you through the U.S. Department of Health & Human Services (HHS), specifically within the Food and Drug Administration (FDA) Centers.

Join the U.S. Department of Health and Human Services (HHS)/Food and Drug Administration (FDA)/Center for Drugs Evaluation and Research (CDER) - Corporate Recruitment Office in a 1.5 hours employment workshop. During the workshop you will learn how to:

⇒ Navigate USAJOBS—the official job search portal for the federal government;
⇒ Read and understand a federal job announcement;
⇒ Craft a robust resume/CV that highlights education, strengths, experience and accomplishments;
